Mr. Christopher Brown
6267 Castille Court
Orleans, Ontario
K1C 1X4

Dear Mr. Brown:

As you know, Laboratory Centre for Disease Control is sponsoring a one-day workshop on Environmental Sensitivities on May 24, 1990. The selection of participants for the workshop was made in consultation with the Canadian Society for Environmental Medicine, The Allergy and Environmental Health Association of Ontario and The Canadian Society of Allergists and Immunologists.

I would be pleased to meet with you and any of your colleagues at a date convenient to you immediately after the workshop to go over the results and next steps. Please contact my secretary, Mrs. Pat McCurdy, at 957-0316 to arrange a meeting.

Yours truly,

J.Z. Losos, MD, DECH, FRCP(C), FACPM
Director General
